About Us

Celebrating over 30 years in business, Service Central, Inc. is located 40 miles south of Chicago in Steger, Illinois and is a certified Women's Business Enterprise. Having grown from 1,200 square feet to occupying over 8,000 square feet, Service Central, Inc. is dedicated to best-in-class service. With a focus on the Gaming Industry, products are engineered and packaged to respond to clients' needs. Metal carts, cabinets, casino supplies, cashier supplies, and security locks are manufactured here in the USA and abroad. This allows us to shorten lead times and take advantage of cost savings opportunities overseas. Security locks are provided to manufacturers and end users in the amusement, gaming, vending, and appliance industries just to name a few. From concept through production, many of our best products originated as a solution to a client-specific need.

President and Founder Rita Traxler began her career as an Electrical Engineer working for a video game manufacturer. Providing technical support and service to distributors across the USA, Rita founded Service Central, Inc. in 1984. Today she oversees the sale, customer service, and on-time delivery of all carts and cabinets, casino supplies, and security locks. When you have a support and service expert heading up the Company, you know that you, the customer, are truly king!

Production Manager Bob Traxler was involved with the manufacture of standard and exotic metal components for the military and aerospace industry for 15 years. At Service Central, Inc. Bob oversees all assembly processes and on-site installations of security hardware and cabinets. Bob also interfaces with suppliers. With keen attention to detail, he verifies each product conforms to preset high-performing standards, maintaining Service Central, Inc.'s philosophy of zero tolerance for non-conforming parts.

As you look through our catalog, share your ideas on how we can better serve you.

About Lista Cabinets

With our free design and layout service, we assist you in making your workspace WORK by providing 3-D drawings for any size job, allowing you to see the layout before you buy. All cabinets are durable and made of high-quality steel to handle years of around-the-clock use. Housings can be recon-figured with drawers, shelves, and doors, allowing you to adapt to future changes. Available widths from 16-7/8" to 58-1/2." Depths range from 22-1/2" to 28-1/2". Heights range from 15-3/4" to 84".

Call us to learn more about customizing your cabinets and taking advantage of our free layout and design service.

LISTA
making workspace work•

Customer Solutions

These customers utilized our design and layout service to equip the Main Bank and Guest Service windows of the casino. Cabinets arrived pre-assembled to drop into place for instant use.

Guest Service Window Solutions

The cashier area uses mobile banks for guest and employee service windows. Mobile banks are configured to store cash, chips, coin, and paperwork as required. The relief cashier can easily roll in a mobile bank to keep guest service windows open during breaks and shift change.

Chip Storage Solutions

Chip banks need to store large quantities of chips in limited space. The cabinets on the right have clear plexi-glass windows with shelves to easily view chips. The cabinets on the left have full-extension drawers that allow Surveillance to easily view contents. Drawers hold individual chip racks 1 high, eliminating daily rotation.

Cabinet Options

Drawers

Drawers are designed to limit operator fatigue with low-wear, low-friction suspensions. With a load capacity of 440 lbs, drawers can be packed with cash and chips. Full extension allows easy viewing of contents. Drawer depths range from 2" to 15".

Shelves

Adjustable shelves can be moved in 1" increments. Load capacity of 440 to 880 lbs. Vertical dividers are available to subdivide the space.

Trays

Trays allow easy access to stored items - no more reaching. Maximum load capacity of 440 lbs.

Door Options

Flush Hinged Door

Single hinged doors can be added to secure contents on adjustable shelves. Locks with a padlock or single door lock. Available with plexi-glass window for viewing contents.

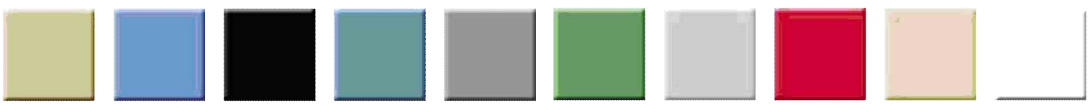
Retractable Door

Retractable door slides up and back out of the way allowing access to shelf contents. Locks with a single door lock. Available with plexi-glass window for viewing contents.

Double hinged Doors

Double hinged doors secure drawers, trays, and shelves. Available with plexi-glass window for viewing contents. Locks with a padlock or single door lock.

Available colors include beige, bright blue, black, classic blue, gray, green, light grey, red, sand, and white.



Mobile Banks

Configure a mobile cabinet to fit your requirements with your desired drawer configuration and color. Slides under an existing countertop and can be used for full shift cashiering or during breaks and shift changes. One padlock or built-in lock secures all drawers. Heavy-duty drawers hold up to 440 lbs.

Fixed Banks

Stationary cabinets can be configured specifically for cash or chips. Choose your drawer or shelf setup and easily reconfigure in the future to adapt to changing needs.

Workstations

Perfect for tech shops and repair stations, workstations are customizable with riser shelves, built-in electric, overhead lighting, or hanging parts storage. Bench tops available in laminate, butcher block, or anti-static. Bottoms available with bench legs or cabinet pedestal base with drawers.

Wall Systems

Wall Storage Systems provide high-density storage in minimal space, keeping parts organized efficiently. Maximize your space by storing floor to ceiling with customizable arrangements of shelves, drawers, and trays.

Destroy It! High Capacity Shredder

Shred loose cards, ticket stock, CD's, VHS tapes, or credit cards. Removable side panels add extra work space and special rotating paddles provide jam-free feeding of bulky materials into the cutting head. The front table makes feeding easier for high volume shredding. High quality, hardened steel cutting shaft carries a Lifetime Warranty. Includes an Auto Oiler to reduce service calls. The shred bag located in the back of the machine holds 79 gallons of material. The powerful 8 HP, 3-phase motor is rated for continuous operation and provides years of use. UL Rated. **Four pints of oil and 100 bags included!**

Safety Features Include:

- Main switch and emergency stop button
- Automatic reverse and power cut-off if overfed
- Thermal cut-off switch to prevent overheating
- Key Control Panel for forward, stop, and reverse
- Heavy duty casters for easy placement and bag changes

Chip Cleaning Machine

Chips look and play like new - no more sticky chips! Sanitizes and restores color without rinsing. This patented system removes dirt, grime, sticky substances, germs, and viruses.

Visit our web site for a demonstration video.

Easy to Use Features Include:

- No water hook up required, and uses any nearby drain
- Plugs into a standard 110 VAC outlet
- Portable and lightweight at 20 lbs, dimensions 20" x 16" x 9"
- Cleans quickly - pre-soak chips, then load the machine to finish
- One step cleaning using non-toxic, environmentally-friendly solution
- 1 year parts and labor Warranty
- Zero maintenance - just rinse machine after using

Clean and sanitize 2,200 chips per hour, every hour!

Chip Wash Solution

Use as a standalone cleaner or with the Chip Cleaning Machine

Patented chip cleaning solution removes germs, viruses, dirt, and sticky substances. Non-toxic and environmentally-friendly, this wash adds an anti-static layer of protection that allows chips to play faster and easier. One gallon cleans approximately 2,000 chips.

Use with our Soaker Trays to filter out clean chips after soaking!

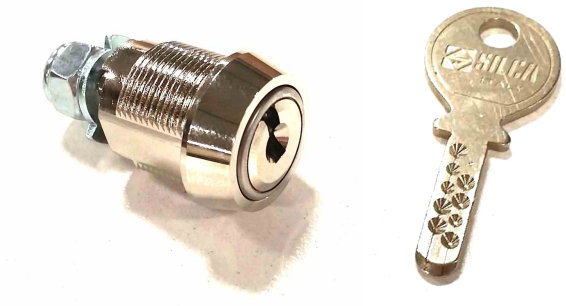
How To Measure Locks & Cams

Dimension A = lock length
Dimension B = cam length
Dimension C = cam offset

High Security Warlock and Quick Change

These high-security locks are made with up to 6 built-in combinations for in-house code changes when a key is lost. The state-of-the-art high-security 14-tumbler mechanism is virtually pick proof. Restricted key blanks and code machines prevent unauthorized key duplication. The strong, reversible nickel silver key eliminates breakage and is easy to use. Metal and overmolded plastic key bows easily identify keys. Specify the number of code changes and key color when ordering.



P/N	Length	Patented
00-0D-8058	5/8" Warlock	Yes
00-0D-8118	1-1/8" Warlock	Yes
02-8258	5/8" Quick Change	No
02-8218	1-1/8" Quick Change	No

"Since prior to opening Hollywood Casino in February of 2008, we have partnered with Service Central for a variety of products and services. After evaluating competitors for quality and pricing on locks, we selected the Warlock lock from Service Central and continue to use them. Their support during the opening phase of our casino was outstanding and they continue to demonstrate the same high level of support."

John Newman, VP of Casino Operations
Hollywood at Penn National

SUGAR HOUSE CASINO | PHILADELPHIA PENNSYLVANIA

"You cannot find any better pricing than Service Central and no one better to work with than them."

Erin McMenamin, Director of Cage Operations
Sugarhouse Casino, PA

HORSESHOE CASINO · CINCINNATI

"I wanted to thank you for all of your support and customer service you have given me over the past 2 years. We have 13,000+ locks on our property and you helped me maintain a good portion of them. Every time I needed anything in a hurry, you were there. You would supply anything I needed even before I could get a PO written (if necessary) so I could have it in my hands that much sooner. … I cannot emphasize how calming it is to have a vendor at the other end of a phone call act as quickly as you and your team reacted."

Bret Sager, Security Locksmith
Horseshoe Casino Cincinnati

MSC CRUISES

"Rita is a star! Many thanks to Service Central."

Alastair Hamilton, Casino Supervisor
MSC Cruises

OXFORD DOWNS

"My first phone call was answered by a person. (Rita) She was very nice, easy to talk to and knowledgeable about the products. I placed an order, she sent me an invoice, and we had the products faster than expected. From that first order on, every order/communication has been consistently the same. Communication is friendly, response times have been awesome and delivery has been faster than expected. I've never worked with a more consistent professional team and the products have been exactly what I've ordered and are working great!"

Randy Kiefer, Director of Gaming Operations
Oxford Downs, FL
